

## FCC Part 15 C

For the product denoted in the following way:

Instrument Type: **Microwave Moisture and Density Measuring System MW 55 Article Number 177489**  
equipped with:  
Option Antenna Unit Dual Vivaldi or Option Antenna Unit Quadro-Vivaldi  
Module Lightbarrier MW 55 complete

It is hereby certified, that this device complies with Part 15 C related to Part 15.517 of the FCC Rules.  
Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment may only be operated indoors. Operation outdoors is in violation of 47 U.S.C. 301 and could subject the operator to serious legal penalties.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a **Class A** digital device, pursuant to part 15 C related to Part 15.517 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Tested setup:

Measuring unit MW 55 Article Number 177489  
2 antennas on a table  
Cable for the antennas: coaxial cable "S04272B", 3m  
Module Lightbarrier MW 55 complete

This declaration is issued responsible for the manufacturer
